

Spring Hill Newsletter
August 2012

REMINDERS

- DRIVE SLOW AND SAFE. With school starting, please be cognizant of morning/afternoon bus stop activities. Fast driving greatly threatens the safety of all neighbors, especially our children, and will not be tolerated. Please take care when driving in and out each day.
- FALL PLANTING – Our annual fall planting & cleanup of the front entrance will take place Saturday, Sept. 22 at 8 AM. Donuts and coffee will be served.

Neighborhood News and Notes

FALL PUBLIC MEETING – SEPTEMBER 10 at 6:30 PM

Our fall public meeting will be back at the Torok Community Center, 4224 Massillon Road (next to Green Fire Station #1). Items to be discussed include: Neighborhood Watch plan update, as well as fall community events (e.g., Fall Fest).

NO FISHING ALLOWED

We have been informed by DeHoff that the retention ponds are off-limits for fishing. DeHoff owns the pond and strictly prohibits recreational activities, including fishing. DeHoff manages our ponds and provides the main-pond fountain, which has been under repair due to jams caused by fishing line. Please abide by these regulations and do not fish the pond.

NEIGHBORHOOD BUILDING REGULATIONS

Per neighborhood regulations, any addition to your home or lot needs to be approved by Architectural Review. (See attached Arch Review submission form.) Please contact an HOA member for guidance. The list of building regulations can be found on the HOA web site (SpringHillHOA.net).

VOLUNTEERS NEEDED – ARCH REVIEW COMMITTEE

The board is looking for volunteers to join the neighborhood's architectural review committee. Those interested should contact an HOA board member.
